

① This is the starting position.
Place the unmarked side up as shown in the diagram.

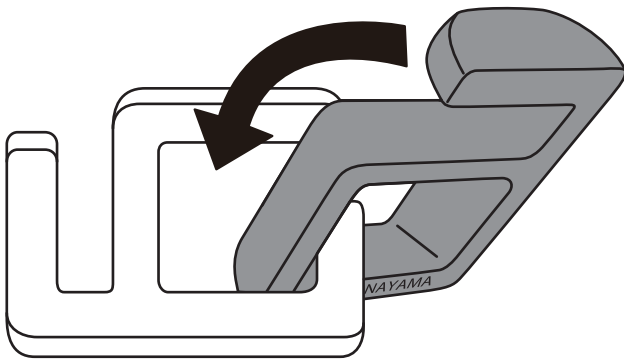

② Move the silver piece:

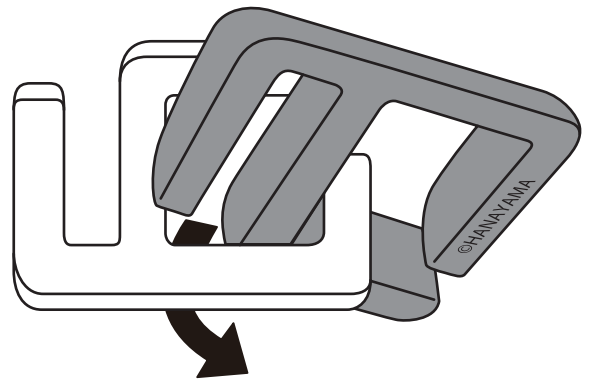

- ① Slide
- ② Rotate
- ③ Lift

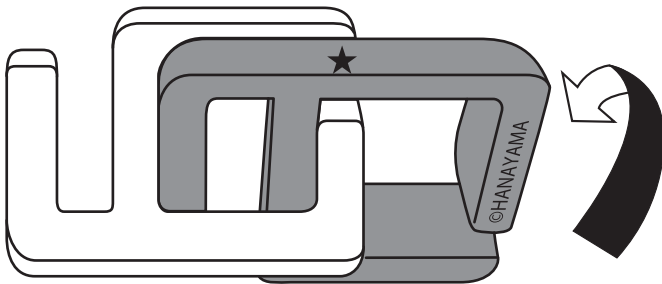

③ Rotate so that the silver piece goes through the hole of the gold piece as shown by the arrow.

④

⑤ Rotate in the direction of the arrow.
At this time, the part marked with ★ will slide out of the gold piece.

⑥ The pieces come apart.
